SUMMARY

Final-year Electronics & Communication Engineering student with hands-on experience in JavaScript, React.js, Java, Spring/Spring Boot, REST APIs, HTML, CSS, and MySQL. Experienced in developing responsive web applications, API integrations, CRUD-based systems, and database-driven applications. Interested in full-stack development, cloud technologies, and building real-world software products.

TECHNICAL SKILLS

Languages:	Java, JavaScript, C, SQL
Frontend:	React.js, HTML5, CSS3, Bootstrap, Responsive Web Development
Backend:	Java, Spring, Spring Boot, Servlets, JSP
APIs:	REST APIs, Fetch API, API Integration
Database:	MySQL, SQL
Cloud & DevOps:	AWS, Docker, Kubernetes
Tools:	Git/GitHub, Hibernate, Spring Data JPA, Apache Tomcat

TRAINING

Java Training — ISRDC, Jabalpur

Training

- Completed Java training program covering core Java concepts, OOP principles, and hands-on programming.
- Gained practical knowledge of problem solving, coding best practices, and application development.

PROJECTS

FakeStore — React E-Commerce Application

React.js | JavaScript | REST APIs | HTML | CSS

- Built a responsive e-commerce application using React.js and reusable components.
- Integrated REST APIs to dynamically fetch and display products across multiple categories.
- Implemented responsive UI and interactive product interfaces.

School Management System

Java | Servlets | JSP | MySQL | Bootstrap | Tomcat

- Developed a web-based school management system with CRUD operations, authentication, and MySQL integration.
- Implemented student-card authentication, image upload, and email verification.
- Designed responsive interfaces using Bootstrap and deployed the application on Apache Tomcat.

AI Chatbot

JavaScript | API Integration | HTML | CSS

- Built an interactive chatbot using JavaScript and integrated an AI API for generating responses.
- Implemented API communication and responsive user interaction.

EDUCATION

B.Tech — Electronics & Communication Engineering

2023 – 2027

Baderia Global Institute of Engineering and Management, Gwalior

CGPA: 7.8/10

CERTIFICATIONS & ACHIEVEMENTS

NPTEL — Introduction to C Programming	Score: 88/100
NASA Space Apps Challenge	Participant
Smart India Hackathon (SIH) 2025	Participant

ADDITIONAL

- Comfortable using AI-assisted development tools such as ChatGPT for learning, debugging, and improving workflows.
- Interested in full-stack development, cloud technologies, modern web technologies, and building real-world software products.
